
CONTENTS

| | | |
|------------------|--|-----------|
| | Preface | ix |
| Chapter 1 | Introduction | 1 |
| 1.1 | The Demand for Transportation | 2 |
| 1.2 | Transportation Demand Analysis | 3 |
| | References | 8 |
| Chapter 2 | Demand Theory | 11 |
| 2.1 | The Demand for Transportation | 11 |
| 2.2 | Microeconomic Demand Theory | 15 |
| 2.3 | Application of Demand Theory to Transportation | 50 |
| | Problems | 53 |
| | References | 55 |
| Chapter 3 | Transportation Supply | 57 |
| 3.1 | Framework for Supply Analysis | 57 |
| 3.2 | Costs and Cost Functions | 62 |
| 3.3 | The Supply Function | 64 |
| 3.4 | Selected Transportation Supply Functions | 70 |
| | Problems | 83 |
| | References | 85 |
| Chapter 4 | Urban Passenger Travel Demand | 87 |
| 4.1 | Demand Analysis in Urban Transportation Planning | 87 |
| 4.2 | Framework for Demand Analysis | 89 |
| 4.3 | Fundamentals of Urban Travel Demand Analysis | 91 |
| 4.4 | Approaches to Urban Travel Demand Modeling | 95 |
| 4.5 | Urban Trip Generation | 105 |
| | Summary | 114 |
| | Problems | 114 |
| | References | 117 |

| | | |
|------------------|---|------------|
| Chapter 5 | Analysis of Travel Choice | 119 |
| 5.1 | Measurement of Choice | 120 |
| 5.2 | The Probit Model | 124 |
| 5.3 | The Logit Model | 129 |
| 5.4 | Sequencing Stochastic Choice | 135 |
| 5.5 | Choice Functions and Demand Functions | 137 |
| 5.6 | Calibration of Choice Models | 139 |
| | Problems | 148 |
| | References | 150 |
| Chapter 6 | Trip Distribution Analysis | 153 |
| 6.1 | Trip Distribution in Urban Travel Demand Analysis | 153 |
| 6.2 | Fundamentals of Trip Distribution Analysis | 154 |
| 6.3 | Demand Models of Trip Distribution | 159 |
| 6.4 | Choice Models of Trip Distribution | 161 |
| 6.5 | Physical Models of Spatial Interaction | 164 |
| 6.6 | Choice of Socioeconomic Variables | 173 |
| 6.7 | Choice of Transport Supply Variables | 173 |
| 6.8 | Calibration of Trip Distribution Models | 176 |
| | Problems | 185 |
| | References | 187 |
| Chapter 7 | Mode and Route Choice | 189 |
| 7.1 | Mode Choice | 190 |
| 7.2 | Route Choice | 203 |
| | Summary | 212 |
| | Problems | 213 |
| | References | 216 |
| Chapter 8 | Intercity Passenger Travel Demand | 219 |
| 8.1 | Characteristics of Intercity Travel Demand | 219 |
| 8.2 | Approaches to Intercity Demand Analysis | 223 |
| | Summary | 231 |
| | References | 232 |
| Chapter 9 | The Demand for Air Transportation | 233 |
| 9.1 | Measure of Air Travel Activity | 234 |
| 9.2 | Approaches to Demand Analysis | 236 |
| 9.3 | Macroanalysis of Air Travel Demand | 237 |
| 9.4 | Microanalysis of Air Travel Demand | 255 |
| 9.5 | Simultaneous Models of Demand and Supply | 270 |
| | Problems | 275 |
| | References | 276 |

| | | |
|-------------------|--|------------|
| Chapter 10 | Commodity Transport Demand | 279 |
| 10.1 | Approaches to Demand Analysis | 280 |
| 10.2 | Microeconomic Analysis of Commodity Flow | 281 |
| 10.3 | Spatial Interaction Models of Commodity Flow | 295 |
| 10.4 | Macroeconomic Models of Commodity Transportation | 300 |
| | Problems | 313 |
| | References | 314 |
| | Index | 317 |
